PROGRAM DESCRIPTION

The Humphrey Fellowship Program provides mid-career professionals from designated countries of Africa, Asia, Latin America, the Caribbean, the Middle East, and Eurasia with an opportunity to enhance their professional capabilities through participation in specialized 10-month programs developed specifically for small clusters of Humphrey Fellows at selected U.S. universities. To accomplish these objectives, programs are designed to include various combinations of course work, independent projects, internships, consultations with U.S. faculty or experts, field trips, and seminars. Under the guidance of a designated faculty advisor or "coordinator," Fellows plan programs that best suit their individual career development needs.

OTHER IMPORTANT INFORMATION

Fulbright grants and other fellowships, assistantships, scholarships and educational grants are generally awarded for one nine to twelve month academic year beginning in August or September. Candidates appointed to certain types of Fulbright grants may be required to arrive during the summer for an introductory course or intensive English program prior to the academic year. In some cases, arrangements may be made for an extension of the period of grant beyond the first academic year. Candidates should not assume, however, that awards are automatically renewable.
2. **Duration of Degrees**
The length of your degree program may exceed the available funding and sponsorship limits of your Fulbright grant. The requirements for completing academic work toward a degree vary depending upon the degree desired, the candidate's academic background and the regulations of the individual U.S. institution to which the candidate is admitted. It is usually not possible to obtain a degree in one academic year. However, the minimum time required for a Master's degree is one academic year.
